Hi Gaylord Building Exchange,

I would like to buy \$20 USD of bLOCKcoin!

Thanks,  
Dylan

When a visitor wants to exchange USD into bLOCKcoin, they will send an email to the Gaylord Building Exchange email account:

([blockcoin.gb@gmail.com](mailto:blockcoin.gb@gmail.com))

This email will then generate an automated response prompting the visitor to reply with two pieces of information:

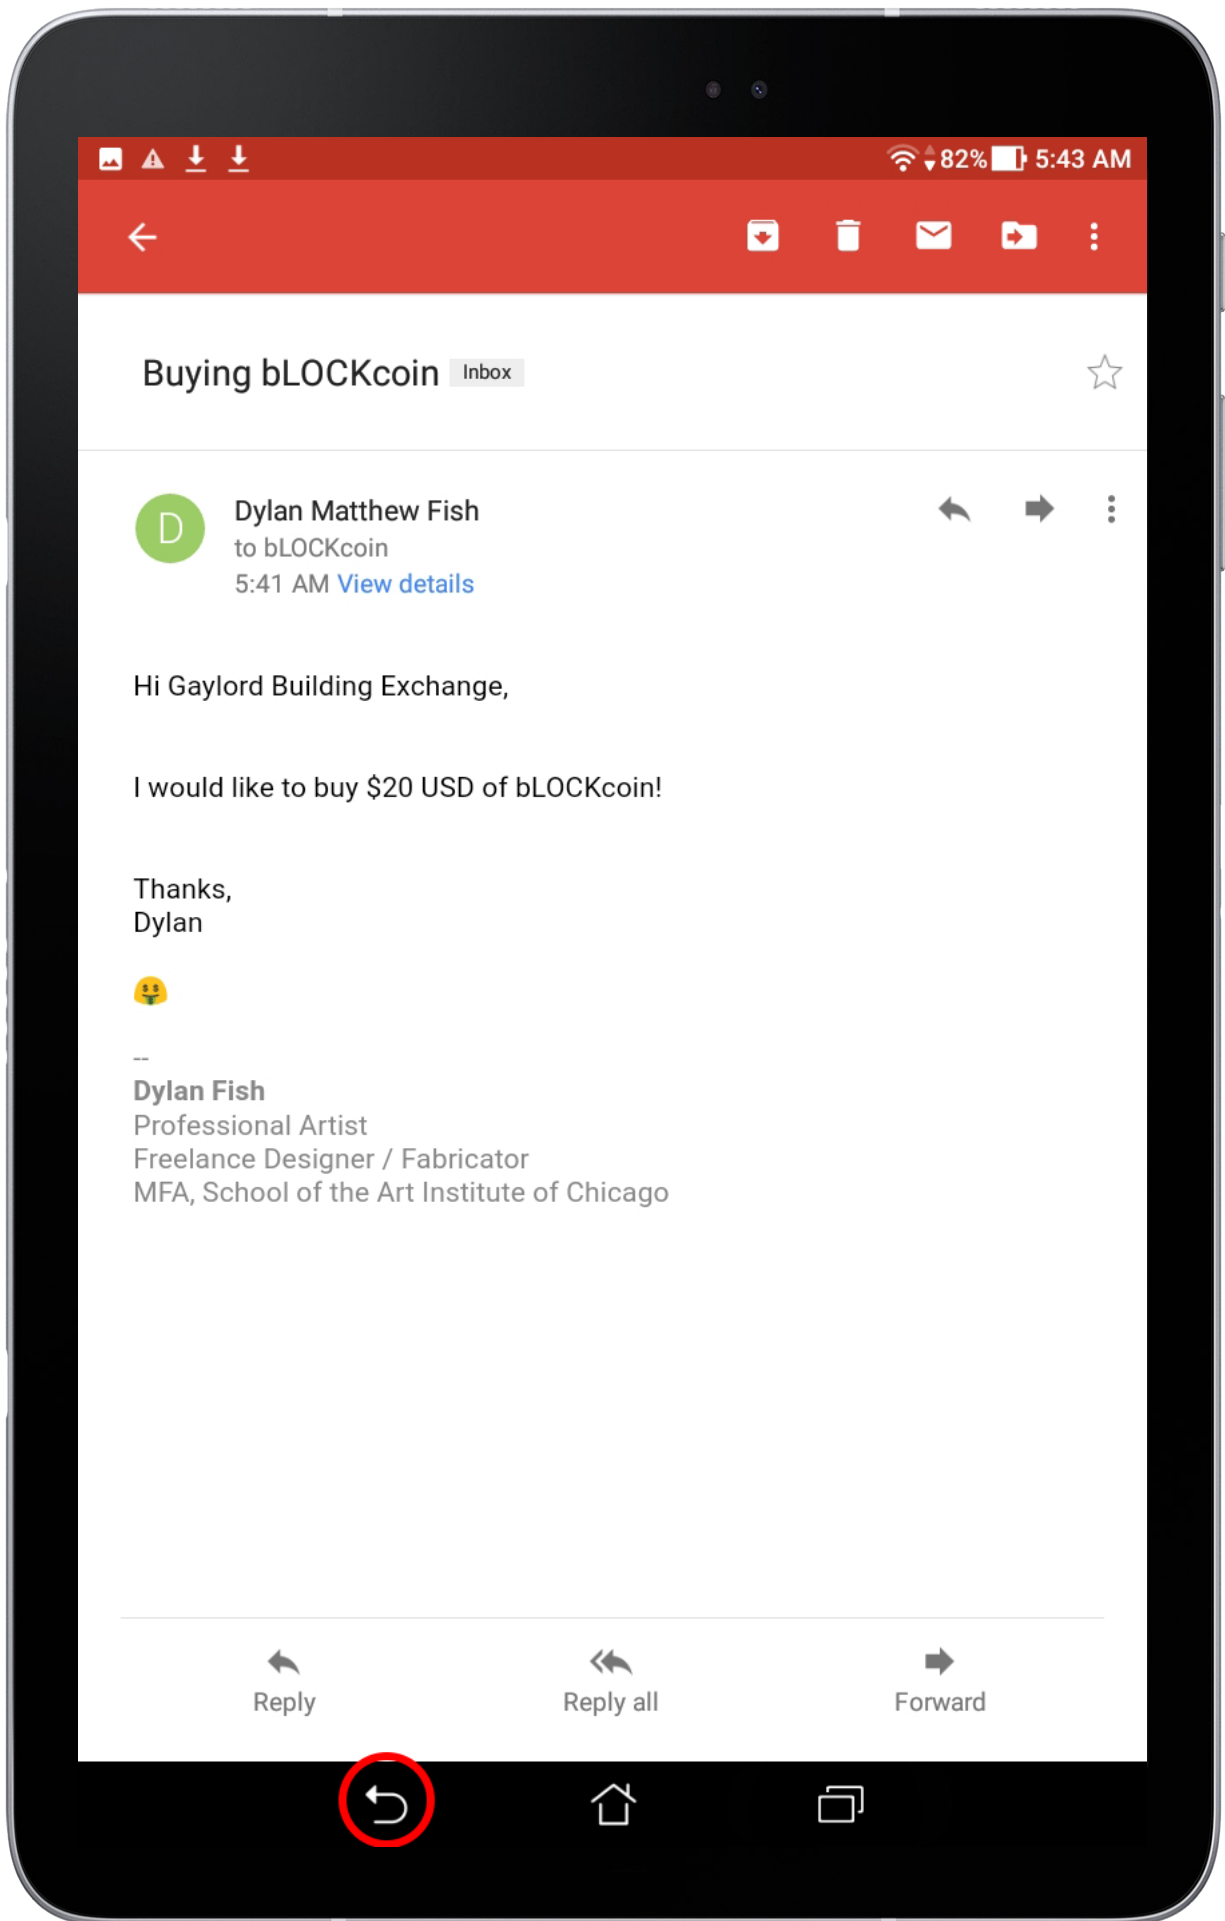

1. Their wallet's address
2. How much money they wish to exchange in USD.

This is an example of what their first email might look like.
